#### Add it up

Trying to decide: Should I put an example on this page?

PROS (+)	POINTS	CONS (-)	ΡΟΙΝΤS
Helpful	$\bullet \bullet \bullet \circ \circ \circ$	Takes up space	••000
Visual learner	••000	Tiny font size	$\bullet \bullet \bullet \circ \circ$
Already made it	••••0	Maybe overkill?	•0000
Total:	(۹)	Total:	6
	YES	S!	

#### How it works:

- 1. Write Pros & Cons in the spaces
- 2. Assign point values to each based on how important it is to you
- 3. Count up points in each column
- 4. Circle result with the most points

Boom! Decision made. (Proud of you!)
